DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance: The above claims are allowed over the prior art of record as presented in the persuasive arguments of the amendment of 10/16/2003, which includes that the prior art of record fails to disclose a galvanic separation of the remote trigger key and the main current circuit; and additionally that the second converter is designed to detect a short circuit between GND and the neutral conductor with all line resistances and capacitances considered.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see Amendment, filed 10/16/2003, with respect to above claims have been fully considered and are persuasive. The rejections/objections of claims 1-10 have been withdrawn.
